

THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

Office of the Director

3 April 1972

MEMORANDUM FOR: Members of the NSCIC Working Group

SUBJECT: NSCIC Working Group Meeting on 12 April 1972

1. The next meeting of the Working Group will be held on Wednesday, 12 April, at 1430 hours in the DCI Conference Room at CIA Headquarters.

2. The following agenda is proposed:

a. Economic Intelligence

I believe it is important that we satisfy ourselves that we are abreast of all developments in the economic field bearing on intelligence. On 8 March I sent you a report on the production of economic intelligence prepared by the Deputy Director for Intelligence, CIA. This gives an account of the measures taken by CIA to provide support to policy consumers in this field. There are other developments in the economic arena which should also be discussed and, in that connection, Mr. Marshall will be prepared to discuss some of these from his vantage point. This should enable us to conclude whether there are further actions which should be undertaken by the Working Group or, perhaps, recommended to the parent Committee.

b. Narcotics Intelligence

On 23 March I circulated to members a report on "U.S. Intelligence Activities Relating to International Narcotics Traffic." If any member feels additional action in this field is required at this time, this would be the time to discuss it.

c. Intelligence Production Resources

On 30 March I circulated to members a study on "U.S. Intelligence Production Resources." As I suggested in my forwarding memorandum, I believe we should agree at the meeting whether the study raises any questions or requires any additional action at this time.
